Vicious Circle Ghazal

The overlong film love ended many times.
Once and for all, you said many times.

There's a rumor run wild that forever's passé—
still news to those who've wed many times.

As if every broken tether broke us free for this.
Too bad it's a line I've been fed many times.

Past-life queen, elm, gazelle—oh,
the rebirth glitch: being dead many times.

Shit, Jane, glum's gone the way of the dodo,
have you tried blithe instead? Yeah, many times.
