Dear Families,

I'm excited to share with you the new season’s Noar After-school Program information and registration.

Noar combines after school care with a wealth of enrichment classes your child can choose from. You can advance to the next level of a class your child has taken before, or try something new! All our classes are designed by experts and led by inspiring teachers to foster curiosity and deeply engage your child.

The Noar registration process is new and improved for the Fall 2018 semester! You can now explore as well as purchase our wide range of children’s enrichment classes and programs directly from the convenience of your favorite device. Whether it be at home on the couch or from your office at work, whichever suits you best! Our full offering of 92Y Art, Dance, Music, and HFS enrichment classes can now be found at 92y.org/kidcentral. You can use the search filter within Kidcentral to focus in on the classes that you feel your child will enjoy the most. Once you have selected and purchased classes on our Kidcentral site, you can easily add on Noar Afterschool pick up and the clubhouse experience to your child's enrichment class by submitting the Noar Program registration form. All registration forms can be found online at 92y.org/noar under the downloads section of the page.

To inquire about scholarship opportunities, please call 212.415.5699 or write to bteitelman@92y.org. If you are applying for scholarship, please first register for the Noar Program and then submit your scholarship application. Your fees will then be adjusted once your application has been reviewed.

As you’re making your selections, please note that your class should start at 3:30 pm or later, to allow your child time to get from school to 92Y. It probably goes without saying that parents who choose classes that reflect their child’s individual interests find the Noar program most rewarding! Please note that children continue to receive transportation from school and participate in Clubhouse and Homework Room even after your child’s class may have ended for the semester.

Please feel free to call with any questions you may have. We look forward to welcoming your child to Noar this Spring!

Warmly,

Julian Levine

</tr>
</tbody>
</table>

This includes, clubhouse, two daily snacks, access to homework room and transportation from one of the following schools: Hunter, CPE 2, PS 6, PS 77, PS 151, PS 158, PS 171, PS 183, PS 198, PS 290, and PS 527.

- If you are planning to arrange your own private transportation to the 92Y and need our staff to meet and escort your child(ren) to the assigned clubhouse, please be sure to note it on the registration form.

**Please Note:**

1) If your child does not require transportation, $100 will be deducted from your balance.

2) The Homework Room is available Monday through Thursday. It is not available on Fridays or to Kindergarteners on any day.

### Sibling Discount:

This entitles each additional child to a $150 discount if registered for 3 days or more.

### Refund Policy

We understand that situations may occur when you must change care plans for your child during his or her school-year. The following schedule applies to receiving a refund on your child’s enrollment in the 92Y Classes.

* 100% refund, up to two weeks before class starts.

* 75% refund, up to one day before class starts.

* 50% after 1st class but before 2nd class.

There will be no refunds after the second class has met.

Refund requests must be submitted in writing to the Program/Associate Director of the 92Y Noar Afterschool Program. Refunds are computed from the date written notice is received. Please allow three to four weeks for processing of your refund.

**Note:** Please consult your child’s school regarding extended day before registering your child for the Noar Program. Any change made to your child’s schedule is subject to the refund policy.

### Class Change Policy

The following applies in the event your child would like to change his or her enrichment class:

- A child can switch out of an enrichment class and into another before the 2nd session of the class that he/she is enrolled in.

- All enrichment class changes are based on availability.

- Changes will not be granted once your child’s enrichment class has met two or more times.

### Enrichment Classes:

1) The following pages contain a list of all classes listed by day and department. Please refer to 92y.org/kidcentral for information regarding Art, Dance, Music, and HFS enrichment classes.

2) Noar registration is completed by filling out the Noar Fall 2017 registration form, emergency contact form and submitting a health form that is less than one year old.
MONDAY

Art Center: 15 sessions: Sept 24-Jan 14

Art in New York / Ages 5-7 / 4:00-5:30 PM ($478)
New York City is the place to be to see works of art from around the world. Each week, we will look at a photo of a work of art currently on display in NYC and then create our own works inspired by the artist’s technique. Through a combination of art history and art making, students will gain in-depth knowledge of art practices from all around the world and throughout history. Parents will be provided with information as to where each piece is on display and are encouraged to visit the works in person — with their children as expert museum guides!

Stopmotion Animation / Ages 7-10 / 4:00-5:30 PM ($626)
Create your own stop-motion animation with clay. Learn how to model colored clay, create characters and storyboards, and assemble props and backdrops for filming. Work individually to create an independent film and participate in a collaborative group project.

Metalwork & Jewelry / Ages 9-12 / 4:00-6:00 ($525)
Children design and create jewelry and small objects in brass, nickel and copper, and learn basic metalsmithing techniques, such as sawing, piercing, forming, finishing, chain making and cold connections. Includes $10 materials fee.

Mindstorm / Ages 7-12 / 4:00-5:30PM ($626)
Learn all about robotics, engineering and computer programming. Using the Lego® Education WeDo Construction Set and Mindstorms, students build Lego models with motors and sensors, then program them and explore a series of cross-curricular, theme-based activities.

Sculpture & Pottery / Ages 7-9 / 4:00-5:30 PM ($483)
Introduce your child to the world of ceramics through material exploration and building techniques, such as pinching and constructing with slabs and coils. Courses progress to expressing ideas, showcasing creativity and exploring design. Class projects may include sculptures focused on telling stories, inventing fantasy animals, creating self-portraits, designing interiors and exteriors of buildings, jewelry, beads, cups, plates and more. Includes $5 firing fee.

Harkness Dance Center: 15 sessions: Sept 24-Jan 14

Ballet / Ages 4-6 / 3:30-4:15 PM ($520)
A perfect introduction to the magical world of ballet. This class invites dancers to creatively explore the foundational positions and movements of ballet technique in a fun and encouraging atmosphere.

Ballet / Ages 4-6 / 4:15-5:00 PM ($520)
See above description.

Ballet / Ages 7-9 / 3:45-4:30 PM ($520)
Dancers will enjoy the traditional ballet experience with a curriculum that cultivates increased coordination, musicality, strength and focus. No ballet experience required.

Enrichment Ballet / Ages 9-12 / 4:30-5:30 PM ($520)
Dancers from all genres, Athletes, and theatrical performers are invited to enrich their training in this contemporary approach to ballet. Classes are designed to increase body awareness, coordination, and strength in an environment that adapts to their individual style and needs. No ballet experience required.

Hip Hop / Ages 4-6 / 4:15-5:00 PM ($520)
This upbeat class explores the technique of hip hop and break dancing. This class will work on proper and safe technique while students also learn how to build their own hip hop phrases. Students will have the opportunity to perform in the mid-year showcase (January) and Creative Dance Recital (June). No ballet prior experience required.

Musical Theater Dance
There’s no better place to learn and experience musical theater than 92Y. It’s where performers of every age and skill level can learn from acting, singing and dancing’s top professionals – including celebrated Broadway performers and creators. Where the next generation of musical theater lovers are educated, challenged and inspired with programs that emphasize diversity, education, art, and life skills. Where tomorrow’s stage stars take their talent to the next stage through one-of-a-kind Artist residencies and programs such as the Recanati-Kaplan Scholarship for excellence in the arts. And where audiences experience some of musical theater’s most exciting productions, in New York’s most intimate and iconic performance halls. 92Y Musical Theatre offers something for everyone:

Crocheting & Knitting / Ages 8-12 / 4:00-5:00 PM ($400)
Two fun skills you will have for life! Students learn from instructor Debbie Weisz basic stitches, techniques, and color patterns with hints and tricks for the best results. Projects created in this class may include a hat, scarf, poncho, blanket, mittens, socks, handbags and jewelry. Students will use patterns, new techniques, colored yarn combinations, and their abilities to create their own projects.

Jewelry Making / Ages 7-11 / 5:00-6:00 PM ($400)
Create special one-of-a-kind jewelry using various types of beads and cords along with other decorative materials. Learn basic techniques of stringing, knotting, weaving, wire wrapping and wire crocheting. Explore the use of simple off the loom beading to create jewelry and small objects with artist Debbie Weisz. Projects include necklaces, bracelets, earrings, anklets, & rings.

The Art of Science / Ages 5-7 / 3:45-4:45 PM ($400)
A fun way to solidify the learning of early biology and physical science is for a child to utilize their new understandings and skills in the creation of artworks inspired by their explorations. Our topics will often be inspired by the season and so, for fall, we will be exploring woodland animals. Winter brings lots of opportunities to do experiments with ice, water and wind. There are accompanying art projects like winter “bonsai” trees and ice cube color mixers. Similarly, in the spring, we will make a clay life cycle placard with imprints of a tadpole, a tadpole with two legs, the young frog with a tiny tail and a full-grown frog.
