Crochet for Beginners
Lisa Daehlin

SUPPLY LIST:

YARN:
Yarn for in-class technique work: 2 balls/skeins of worsted or dk weight yarn, smooth texture, NOT cotton (1 in a light colored yarn, the other in a contrasting colored).

Yarn for scarf project: approx 400 yards of worsted or dk weight yarn, smooth texture, NOT cotton (the reason for this is that cotton has almost no “give” or flexibility and is tiring on the hands and can be frustrating for a beginner knitter to use.

NOTE: More yarn will most likely be needed for subsequent classes (type/quantity will depend on the project(s) chosen).

TOOLS:
2 crochet hooks (size F and H). NOTE: we will use a range of sizes, these 2 are good to start.

blunt-tipped darning/sewing needle (with large “eye” for yarn), recommended brand: Clover.

scissors

note pad and pencil or pen
