

92Y ART CENTER

Art Center Office 212-415-5562

All Ceramic Classes: Handbuilding and/or Wheel

The ceramics studios at 92Y are some of the best-equipped in NYC. A gas-reduction kiln, three electric kilns and 25 electric potter's wheels offer potters, artists and hobbyists unlimited opportunities to create unique works of art. Stoneware is used during the fall and spring terms and porcelain is used during the summer (glaze-fired to cone 10). Clay is included in the cost of tuition unless you use bagged clay, which may be purchased for \$20 per 25-pound bag. Firing charge is five cents per cubic inch for two firings of all work made in classes and workshops. Students must supply their own tools, which may be purchased from 92nd Street Y for \$30.

Supplies Needed:

1)

2) Apron

3) Towel (optional)

***The tools pictures in (1) are for sale in your class for \$30 as well as aprons for \$16. Tool purchases can be made in class using a 92Y Ceramics firing card. Tools and how to purchase firing cards will be discussed on the first class.**

Suggested Pottery Supply Stores:

The Complete Sculptor, Inc., 90 Vandam Street (212) 243-6074

Sculpture House Casting, 155 West 26th Street (212) 645-9430
