

FUZE download instructions:

In order to properly view and participate in this online presentation YOU MUST download the Fuze application [HERE \(https://www.fuze.com/download\)](https://www.fuze.com/download)

Download and install the FUZE application now, please do not wait for the start of the program. Please note: when you install the FUZE app it may ask you to sign up for an account, you do not need to create your own account.

### **To login to your presentation:**

On October 21 at 7 PM EST:

- 1) Open the Fuze application on your computer
- 2) Scroll down to where it says "Do you have a meeting ID"
- 3) Put the meeting number **XXXXXXXXXX** that was sent to you in the box and click on JOIN A MEETING

**Minimum System Requirements:** in order to download the application and access the presentation you will need:

- High speed Internet connection
- Fuze requires the current version or the first previous major release of Google Chrome
- Internal or external computer speaker
- Internal or external computer mic or headphones
- Windows, macOS, Chrome OS,
- USB web camera or computer camera.
- Ensure that the Block third-party cookies Google Chrome setting is disabled
