

92Y ART CENTER

GILDA AND HENRY BLOCK SCHOOL OF THE ARTS

Fun with One

Nowadays there is a lot of talk about Up cycling. The idea of reusing something for the purpose of another. Select one thing, found object, material to up cycle into a piece of jewelry. It does not have to be just one of a particular item but it can be many of the same item such as cutting fabric into simple geometric shapes and stacking them to create repeated patterns and textures. Learn how to use jump rings, findings and basic hole punching to create your work.

HSS Twist Drills from Ebay

Which one depends upon the size of the drill bit, aka how narrow or wide the collet goes. All are priced well :)
