Botanical Print Silk Scarf
Instructor: Omi Gray

In this workshop, you will explore the process of creating botanical leaf prints on silk fabric. You will learn how to prepare your silk fabric for successful printing, how to identify the best type of leaves to use and where to find them. You will create 3 to 4 sample prints that may be framed or to make note cards. The final project of the day will be creating your own 72' silk botanical print scarf.

Supply List:
Fabric, plants and other materials required for each student to complete the projects will be provide by the instructor.

Students should bring the following:
1. Rubber Gloves
2. Apron
3. Notebook
4. Camera to document their work
5. Plants for experimentation (not required)
