Class Name: The Art of Paper Cutting  
Instructor: Béatrice Coron

Supply List:  
During the workshop we will create black & white cuttings and color cuttings. Please think about what you want to bring to class that you may have in a closet. For example, bring photocopies of photographs or artwork you would like to reproduce and adapt. Tear out silhouettes, illustrations and photographs (from magazines and newspapers) that inspire you. Bring bits of paper for collage work (any scraps of textured, transparent, printed can become handy) or other materials you would like to experiment with (plastic, fabric..).

Please also bring:  
• cutting mat  
• utility knife  
• #11 blades
